

Location of field parking for SOS Sizewell Beach event, Sunday 19 September
Parking will be "open" from 8.30am

Parking is provided in an open stubble field courtesy of the Ogilvie family.

Drivers should lock their vehicles securely and leave no valuables inside. **Car parking attendants onsite from 8.30 to 1pm**, but they will not know which car belongs to which person, so drivers should be aware that they leave vehicles at their own risk.

DIRECTIONS

On the approach to Sizewell Gap, take a right turn, signposted Sizewell Hall and Wardens Trust before you reach the entrance to the power stations.

When you see the entrance to Sizewell Hall, keep right and continue for a further approx half a kilometre

The field entrance is **on the left** just before the road bends round to the right. Look out for a parking attendant.

You will be directed to park close to the field entrance, nose/tail to the hedge. The quickest walking route to Sizewell beach is via the clifftop footpath. Exit the field the way you came in, turn left and immediately left along a signed footpath. Follow this due east, keeping left at the gate to the Dower House, to the coast (about 2-3 minutes)

When you reach the cliff, go sharp left (do not go down the steps onto the beach as this will be harder going) and follow the path back to Sizewell beach. The walk should take about 15 minutes from this point. If you get to Sizewell beach after 10am and the main group has set off, just keep walking and you will catch everyone up.
